## Bang the Drums

## Hot Time in the City (H-Way mix)

Shakin' off the day, feelin' a new energy...there's only one thing I can do 'cause this heat is burning right through me. Thinkin I gotta get out, hearing the rushin' sound as it comes over me...as it comes over me.

Hot time in the city...the music amplifies. Hot time in the city...bringin me to life. Ohhhhhh, hot time in the city. Come on!

Gonna rear right through the night—there's a glow that's captivatin me. Chasin down the light, break into the party scene. Feelin' the rhythm inside takin' control of my mind as it comes over me...as it comes over me.

The city's hot. The music's got. The city's hot. The music's got.

## Never Run my Motor Down

Jump. Jump up. Jump up turn around.

They say that moss won't grow on a rolling stone. You can't catch a rising star, so I keep on running. Don't matter what people say as long as I'm happy.

Jump up turn around faster than the speed of sound. Follow me all over town—never run my motor down.

They say it's hard to hit a moving target. That's why I always quit before it's even started. Live my life the way I see 'cause my time is for me.

Maybe one day all my hopes and my dreams will come true, but until they do, Jump up.

So jump up. . .

## Bong the Drums

We love the DJ's that pack the floor—move the masses, keep 'em comin' back for more. They drive the rhythm and own the night—trance and house, takin' up the Fahrenheit. The heavens are open as you lift me high. Take me where I want to go.

Bang, bang the drums. Bang the drums forever.  
Forever bang the drums.  
Bang, bang the drums. Play my song for me.  
Forever bang the drums.

Take me away. Forever bang the drums!

Crack the case. Yo, get me lit. DJ rev us up, and spin another hit. Rock my body. Take control. Amp up another one, and turn it into gold. The heavens are open as you lift me high. Take me where I want to go.

DJ bring the fire. Don't, don't, don't stop the music.  
DJ bring the fire. Don't, don't, don't stop the music.

## Dionysus

Ohhhhh. As darkness falls, a festive madness infiltrates—beckons me your way to join the posse. A siren song, going out to all around. Excess is the crown you promise freely.

Dionysus, you won't cast your spell on me, and no longer I will be chasin' after you.  
Dionysus, I finally woke up, and I'll be passin' up your empty pleasures for a new reality. Dionysus

So sensual, dangerous in your own way. Consuming cavalcade, they wander onward. Selfishness, indulgent nature tempting

me. Corrupt proclivity tries to take over.

It's not fulfillment, just distraction or empty promises like every time.  
Too much of a good thing ain't no good, ya see.  
Not taken down by "just one more,"  
No delusion it'll all be just fine.  
Dionysus, you will never conquer me.

## Gemini

Sometimes I'm a crazy one—laughing with you, havin fun...dance (with) the light of day like the party never ends. Wake up in the afternoon lazy, so I'd rather spoon. Let's blow off our work and plans and jet off to Berlin. I'm a shadow of who I wanna be and divided, but you've yet to see.

"Cause I show you the man that you want me to be, and you know in your heart how I love you.  
But my soul's a Gemini; I honestly can say,  
You thought that you knew me but no, (hey!)  
Can you love me anyway?  
Ohhh, can you love me anyway?  
Ohhh, can you love me anyway?

I hide myself away for days cooking, reading, games to play. But then my mind turns round, and I realize I'm missin' you. I ponder my philosophy, pushing past the twins in me, creating who I want to be. A change was overdue.

If I'd be more honest with you,  
Would it bond us or tear us apart?  
If you see the Gemini that I am,  
Would you stay and hang on for the ride?  
Embrace me, cajole me the way that I am—  
Couldn't live without you by my side.

Tell me you know. Love me anyway. Dreamin' every, dreamin' every day. Dreamin' every, dreamin' every day.

## Tell Your Heart to Beat Again

You're shattered like you've never been before—the life you knew in a thousand pieces on the floor. And words fall short in times like these when this world drives you to your knees. You think you're never gonna get back to the you that used to be.

Tell your heart to beat again.  
Close your eyes, and breathe it in.  
Let the shadows fall away.  
Step into the light of grace.  
Yesterday's a closing door.  
You don't live there anymore.  
Say goodbye to where you've been,  
And tell your heart to beat again.

"Beginning"...just let that word wash over you. It's alright now, love's healing hands have pulled you through. So get back up; take step one. Leave the darkness; feel the sun. 'Cause your story's far from over, and your journey's just begun.

Let every heartbreak and every scar  
Be a picture that reminds you who has carried you this far.  
'Cause love sees farther than you've ever could.  
In this moment Heaven's working everything for your good.

Your heart to beat again, beat again. Oh, so tell your heart to beat again.

## Look What You've Done to Me

There we were, rising above, rising above—beautiful, forever

in love, forever in love. Now it's gone, and I see things will never be the same.

Broken you left me, with tears in my eyes  
And memories so far from here.  
Now am I ruined for anyone else?  
When will this doubt disappear?  
The echoes of our love will soon begin to fade.  
Then one day I'll be strong and move on,  
But look what you've done to me.  
Look what you've done to me.  
Look what you've done to me.

Melodies, visions of you, visions of you even now.  
What will I do; what will I do? Only time delivers me, washing away this perfect stain.

You left me broken, broken. You left me here.  
Somehow I've got to make this pain disappear.  
I've got to move on, move on. That much is clear.  
Look what you've done to me, look what you've done to me.  
Look what you've done to me.

## Where Are the Lovers

Romance before paved the way. All the walls melted away—shaped my heart, drew me in but didn't last, so here I am. Oooo, now it's one more try. This seed that's been sown needs to grow. Move toward the sound of my voice. There's no doubt that we're on the same road.

Where are the lovers whose hearts are true?  
Gotta break away from the players and liars  
Who kept me alone for much too long.  
Find me; I'm reaching out to you.  
Where are the lovers, the lovers?  
Where are the lovers, the lovers?

Match up and meet; passion ignite. You hold me close and kiss me right. An empty touch, a passing wave, and then you're gone, all just the same. Oooo, why the disuse? Baby, can't you let yourself go? I got lost in your eyes, but now I've found my way home.

## Can't Taste the Spinach

I've eaten poorly for much too long. Soft drinks, milkshakes, Frappachinos turn me on. All through my office, on the way home, chuggin sugar more than you could ever know.

Now got a spatula in my pocket gettin' healthy energy...  
Drinking fiber in my smoothie makes me hop! Oooo.  
Usin' yogurt, milk, and splenda, fruit, and heaps of blueberries.  
Was usin' blackberries—those seeds! I got ta stop.  
Now several friends are tellin' me,  
"No, can't just use fruit—too much sugar, ya know.  
Add a few veggies into ya flow."  
Huhh! Just imagine, just imagine!

I'm so proud of me for eatin' more plants, plants, plants.  
Try some spinach, beets, or kale's good too—  
Oh those, plants, plants, plants.  
Please forgive my attitude  
Toward those plants, plants, plants.  
"Tastes so great with the right blend, so keep mixin'."  
Can't taste the spinach, drinkin' plants, plants, plants.  
Can't taste the spinach.  
Makes my taste buds dance, dance, dance. C'mon.

Buy my smoothies, or make 'em at home. Just suck it up through those big straws until it's gone. Add protein powder, but please no soy—I gotta keep my 'up and protect my boys.

I'm so proud of me for eatin' more plants, plants, plants.  
Lost some weight; now I'm fittin' into old pants, pants, pants.  
Whoops, I spilled some on the floor.  
Now there's ants, ants, ants. Ewww!  
"Tastes so great with the right blend, so keep mixin'."  
Can't taste the spinach, drinkin' plants, plants, plants.  
Can't taste the spinach, drinkin' plants, plants, plants.  
Can't taste the spinach.  
Sippin' down those plants, plants, plants.  
Can't taste the spinach! So keep mixin'!

Everybody sing! (Can't taste the spinach)  
Too, this smoothie ain't too shabby, (Can't taste the spinach)  
Sobbin' meals to sculpt my body, (Can't taste the spinach)  
Soon enough I'll be a hottie, (Can't taste the spinach)

Spillin' it all down my body.  
Fruity smoothies are my toddy.  
I can feel it in my body.  
Man, these smoothies ain't too shabby.

## Bert of All

Restless is your name. The desert rain refuses to break.  
Barren, empty is your cup. Wander over things you cannot see before it's too late. The pressure keeps you climbing up. But don't sleep. Don't make a way to feel your pain. Where you've been was hard enough.

So many cares of this world to drag you down.  
But know this: Those you love will ever gather round.  
You'll never make it on your own,  
But good news is you're not alone.  
And best of all, best of all  
Best of all, you are loved.

No matter how you feel or what seems real, each day you struggle. The truth remains reality. There's one who knows your name and lives to save. He's knocking, waiting beyond all your anxiety. Your soul sleeps; receive the life His own death claimed, and live the love that others need.

You are loved more than you know  
More than you feel  
More than you believe.  
You are loved more than you know  
More than you feel  
More than you believe.  
Oh, we are—you are—loved.

## Internet Romance

There she was swipin' right and left on her phone, and there he was up on the screen all alone. And together they came sensing love right away not carin' what any would say. Their love was still true despite both being new to a romance made the internet way.

I've got an internet romance; I'm not looking back.  
It's fillin' up my heart with the love I lack.  
This love can make a difference if I just believe.  
Can't turn away from my internet romance.

So now, it's clear: There's not a match for me in this town.  
The dating pool has got to grow, or I'll drown. Shopping faces on screens, now I've landed the dream. But he's livin' half a world away. Whatsapp and Skype...am I foolish to try? Do I want a long distance this way?

Why should I settle for mediocrity  
When you've had your true love for so long?  
I've gotta work through this possibility—  
Give it a chance so I can know.  
They may say I'm a fool...  
"Online dating's a zoo,"  
But you've proven you're one of the few.
